

1- The Challenge

To be or not to be

or where there's a will there's a way or All roads leads to your / the Source

2- The Solution (is the efficient choice !)

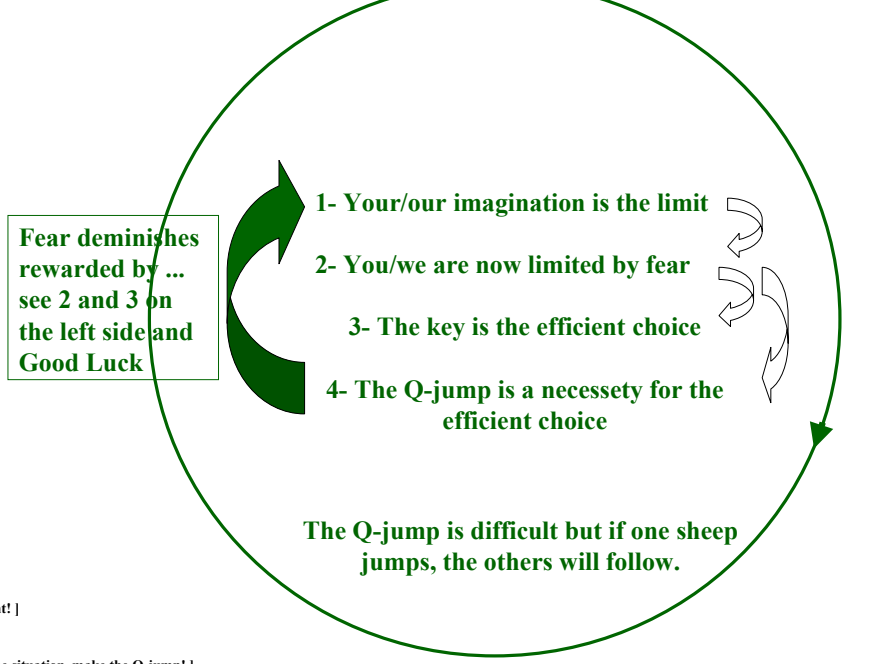

Base :

All is equal and equal intelligent (god/allah..., angels, devils, men, beasts, plants, things, earth....)

All is possible (parallel worlds, also where the pasts lives, Matrix-world , Harry Potter world etc.)

Change Ring with snowball effect

Only the efficient choice can reveal what you really wanted at the age of six, your true will, which is a never ending energy source

Who can be blamed in this entangled system?
The only way out for All is The Efficient Choice made by each "soul"!
If one points one finger at the other All is limited

Fear leads to chaos -> Agression / Diseases / Death (*) you are tricked by the 7-deadly sins and money.

- (*) in our world
- Pride (Vanity) is excessive belief in one's own abilities/looks, [denial of entanglement and synchronicity].
 - Envy is the desire for others' traits, status, abilities, or situation. [not efficient, if you want something, work for it. But first define what you want!]
 - Gluttony is an inordinate desire to consume more than that which one requires. [not efficient]
 - Lust is an inordinate craving for the pleasures of the body. [wait for G-vibration, thats what you're lookin for]
 - Anger is manifested in the individual who spurns love and opts instead for fury. It is also known as Wrath. [blaming someone else, learn from the situation, make the Q-jump!]
 - Greed is the desire for material wealth or gain, ignoring the needs of the ones outside you. [denial of entanglement and synchronicity]
 - Sloth is the avoidance of thinking and physical work [how can you make the Q-jump ?]

Words which has no meaning in the The Efficient Choice theory:
kindness, friendliness, pity, blame, good, evil, tolerance, punishment, shame, judgement, limits, sickness, death
